February 28, 2022

Dear Centennial Staff, Parents, and Guardians,

On Friday, the Centers for Disease Control and Prevention (CDC) announced new recommendations for masking. Today, the Centennial School Board approved a revision to the Health and Safety Plan (HSP) which states, *“As of March 1, 2022, when in low or moderate COVID-19 community level, masks are optional at Centennial School regardless of an individual’s vaccination status.”* We will continue to implement symptom screening, enhanced cleaning and sanitizing, personal hygiene reminders, and social distancing to the maximum extent feasible. The entire HSP can be found on our website or by clicking [here](#).

As we move into the next phase of the pandemic, I implore all of us to show respect and civility for the individual masking decisions of our entire school community. Together, we can ensure that all individuals feel safe and supported at Centennial School.

Thank you for your cooperation and support.

Sincerely,

Julie B. Fogt

Julie B. Fogt, Ed.D.
